Project Name Title	Renaissance at South Park
Tier	Tier 1
Project Type	Maintenance and Safety Enhancements
Initiatve Type	TSPLOST
City	City of South Fulton
Current Stage	Completed
Project Description	The primary work is to resurface the final asphalt topping layer. The roads (Avalon Sq, Avalon Blvd, Bucknell Ter, Cabrini Pl, Radford Loop, Rutgers Cir, and Westwood Trl) within the subdivision to be resurfaced may have either existing concrete curb and gutter sections or will be flush with the shoulder of the road. The work includes all necessary preparation work (e.g., full depth patching and a single surface treatment). The roads will then have the final asphalt topping layer installed in a manner that will provide uniformity of the asphalt. Milling of the existing asphalt surface is not expected to be required for these roadways.
