TSPLOSTProjects

Project ID	ALP- 27
Local ID	C1800
Project Name Title	HAYNES BRIDGE ROAD CAPACITY IMPROVEMENTS
Tier	Tier 1
Project Type	Operation and Safety Improvements
Initiatve Type	TSPLOST
City	Alpharetta
Current Stage	Design
Project Description	The Haynes Bridge Corridor is an important collector connecting neighborhoods to the south with schools, GA 400, employment and commercial centers. This project widens Haynes Bridge Road from Mansell Road to Old Alabama Road and will entail a partnership with the City of Johns Creek with Johns Creek having lead role. Proposed improvements consist of adding an additional lane in each direction, landscaping medians, adding turn lanes where appropriate, and adding a multi-use trail to connect to the Big Creek Greenway.
