TSPLOSTProjects

Project ID	CSF- 91
Local ID	ATMS 800
Project Name Title	Flat Shoals Road
Tier	Tier 2
Project Type	Operation and Safety Improvements
Initiatve Type	TSPLOST
City	City of South Fulton
Current Stage	Design
Project Description	The overall objective of this project is the redesign and reconstruction of eleven (11) traffic signals along the Flat Shoals Road corridor to complement the proposed Advanced Traffic Management System (ATMS) along the corridor. Closed Circuit TV (CCTV) cameras will be installed as well as fiber optic drop cables to the cameras and existing traffic signals. Traffic signals will be timed to maintain coordinated traffic flow through the synchronized intersections. The progression of vehicles along the major roadway will be given priority even when the characteristics of the roadway traffic flow and control changes.
